

# How Could You Break My Heart

**Bobby Womack**

Answer that phone  
She's gotta be there, all the clubs are closed  
Who is this?  
Ay, ay, ay, ay, baby, it's me  
Don't you know what time it is? (Look, I wanna talk to you)  
I have to get up in the morning and go to work  
Call me back tomorrow night  
Damn, that's cold

Hmm, I feel like I wanna talk a while  
I wanna make it alright  
Mhmm, let me sing my song  
Check it out

Life is so amazing  
Funny how time bring 'bout change  
And just to think that you swore you loved me, baby  
Now you givin' that thing to another man  
I don't understand it, girl

How could you break my heart?  
How could you break my heart? (Just to build me up just to let me down)  
Mean what you said from the start (hey, baby)  
How could you break my heart? (Oh you hurt me, girl)  
How could you break my heart?  
If you mean what you said from the start

Baby, I feel like I wanna get down  
Even though, even though that you're not around  
Please, let me explain myself  
Oh

Even in the daytime  
Somethings should never, never, never, change, but they always do  
I'm even going along with the latest dances  
But I think true love, true love still remains the same

Lookin' back on my yesterdays  
True love didn't go that away, I can remember it well, now  
Once you said you love somebody  
That vow, you couldn't dare to break  
I don't understand it, that's what you've done

How could you break my heart? How could you break my heart  
How could you break my heart? If you mean what you said from the start  
How could you break my heart? How could you break my heart  
How could you break my heart? If you mean what you said from the start

I feel like I'm gonna get down  
See, it wasn't no big thing to me, no way  
See, I've had a whole lot of women around, you know  
I mean, a whole lots of springs around

I can think of a few things  
That I wouldn't mind being between (she did too)  
But, oh, after the three minute spell  
It's like Jack and Jill

Goin' over the hill, now, now, now, now

Now, how long we've been together

Hey, girl, you let me down

What made it so bad

Naw, naw, naw

Pick my guitar, help yourself
