

Priorities

Bobby Womack

Wow
Ooh, ooh
Well, well

I can't figure out from the life of me
Why people can't face responsibilities
Always go off I'm later there
Wonder why things are going this way
And shouldn't have that way

Oh, hear, by the way, the prevent calls
And you will see where you're going on
And that's more in like to hold you to where is your time
If you want some don't better not first blame it on your mind

All I want you to do for me
Hurry up, baby, 'cause I want you today
I will never go that straight (baby)
I've got my priorities together

Oooh, baby tell me that you love me too (tell me that you)
I don't wanna spend the day without you
I got my priorities together

Am I still decline
Sittin' lose your forehead, tell me your sins
Flashback to your past
You ask me: Is the world abandoned?
Oh, I've gone for miles to do my thing
Neglecting on the rest

Oh, here by your way the prevent calls
And now I've never out going on
They more in like to hold you to where is your time
If you want some don't better not first blame it on your mind

All I want you to do for me
Hurry up, baby, 'cause I want you today
I will never go that straight
I've got my priorities together

Oooh, baby tell me that you love me too
I don't wanna spend the day without you
I've got my priorities together (together, together, baby)
Baby, baby
You gotta wait, you gotta wait, I've driving you crazy, baby

Oh, here by the way to prevent calls
Now I have never out going on
They more in like to hold you to where is your time
If you want some don't better not first blame it on your mind

Do you want that from me?
Hurry up, baby, 'cause I want you today
I will never go that straight
I've got my priorities together

Oooh, baby tell me that you love me too (tell me that)
I don't wanna spend the day without you (you love me too)
I've got my priorities together (together, together)

I've got it together (Hurry up, baby, 'cause I want you today)
Don't stop! (I will never go that straight)

(Baby tell me that you love me too)
(I don't wanna spend the day without you)
I got my priorities together

Hurry up, baby, 'cause I want you today
I will never go that straight
I got my priorities together (together, together, baby)

(Baby tell me that you love me too)
(I don't wanna spend the day without you)

Hurry up, baby, 'cause I want you today
I will never go that straight
I got my priorities together

(Baby, tell me that you love me too)
(I don't wanna spend the day without you)
Oh yeah, I got my priorities together

Hurry up, baby, 'cause I want you today (don't stop)
I will never go that straight
See, I got my priorities together

(Baby tell me that you love me too)
(I don't wanna spend the day without you)
Oh why, I got my priorities together, baby

Hurry up, baby, 'cause I want you today
I will never go that straight

(Baby tell me that you love me too) I think, you've hurt me
(I don't wanna spend the day without you) I don't have to beat your ass-s-s
You figured it out
