

Wind It Up

Bobby Womack

Pressure (pressures)
Pressure
Pressure (pressures)

If you feel pressure's comin' on
Think it's time you try to get along
Pressure's just a heavy load
Got control on your inner soul

If you can't express yourself, be released
Maybe I can give you some help
Ain't no high you can buy
Like dancin' on the floor at night

So pick yourself up
Lay your pressures down
If you got a good feelin'
Got to be ready and willing, oh

Wind it up
Wind it 'round
Any way you feel it now
Pressure eases to the sound

Wind it up
Wind it 'round
Any way you feel it now
You don't get it up, get it down

So pick yourself up
Lay your pressures down
If you want a good feelin'
Got to be ready and willing

All you got to do is wind it up
Wind it 'round
Any way you feel it now
Pressure eases to the sound

Pressure (pressure)
Pressure (pressure, pressure, pressure)
Pressure, pressure
So give it a little pressure

So pick yourself up
Lay your pressures down, yeah
If you want a good feelin'
Got to be ready and willing, oh

Wind it up
Wind it 'round
Any way you feel it now
Pressure eases to the sound

If you feel your pressure's comin' on
I think it's time you try to get along
Pressure's just a heavy load

Got control on your inner soul

If you can't express yourself, release
Maybe I can give you some help
Ain't no high you can buy
Like dancin' on the floor at night

Wind it up
Wind it 'round
Any way you feel it now
You see, pressures eases to the sound

Pressure
Pressure
Pressure, pressure
Pressure
