

Do Not Do

Bodyjar

If you could help me find a way
Then I would find a way, yeah
If there's an answer then I'm
Sure I'll know it too
Not just you

The days are long and now I need
Someone to see
Then tell me

Don't get me wrong
Don't get me right
Don't get me through
Don't need to

Do not do, do not do
Do not do, what she tells you to
