

You

Bomshel

One song on the edge of my lips
One back pocket where my fingers fit
One sun in my blue sky
One name that my sharpie writes
Seems that I get single-minded
Tunnel vision love blinded by

You.....
Oh....
Cause baby I love
You.....
Oh....

Two thoughts runnin' through my head
What we've done and ain't done yet
One number on my speed dial
One hello that makes me smile
I got no reason to be callin'
Except for baby I love talkin' to

You.....
Oh....
Cause baby I love
You.....
Oh....

All I think and dream about
Oh baby is
You.....
Oh....

And the best part
Is when I'm in your arms
And you're whisperin'
Baby I love you

Got one plan and no plan B
One scenario I see
One lover and one best friend
A million tomorrows I wanna spend with

You.....
Oh....
Cause baby I love
You.....
Oh....

All I think and dream about
My baby is
You.....
Oh....
Cause baby I love
You.....
Oh....(One lover and one best friend)
Crazy over
You.....(Music to my violin)
Oh....

Cause baby I love
You.....
Oh.....
Just so in love with
You.....
