

# Happy Now

Bon Jovi

**G**

What would you say to me

**Bmi**

If I told you I had a dream

**Emi**

If I told you everything

**C**

Would you tell me to go back to sleep

Take a look in these tired eyes

They're coming back to life

I know I can change, got hope in my veins

I tell you I ain't going back to the pain

Can I be happy now?

Can I let my breath out

Let me believe I'm building a dream

Don't try to drag me down

I just wanna scream out loud

Can I be happy now?

Went down on my knees I learned how to bleed

I'm turning my world around

Can I be happy now

Can I break free somehow

I just wanna live again, Love again

Take my pride off off of the ground

I'm ready to pick a fight

Crawl out of the dark to shine a light

I ain't throwing stones, got sins of my own

Everybody just trying to find their way home

**G**

Can I be happy now?

**Hmi**

Can I let my breath out

**Emi**

Let me believe, I'm building a dream

**C**

Don't try to drag me down

**G**

I just wanna scream out loud

**Bmi**

Can I be happy now?

**Emi**

Went down on my knees, I learned how to bleed

**C**

I'm turning my world around
