

Never Be the One

Bonnie Anderson

Every time I try I only make it worse
Every single lesson that I never learn
Try to build a bridge to you to watch it burn
Try to put the blame on you that I deserve

No, I'm not perfect (oh oh oh)
Why you try to make me something that I'm not?
And you're not perfect (oh oh oh)
Let me make my own mistakes it's what I want

Cause I'll never be the one (yeah yeah yeah)
That'll get it right, every single time
I'll never be the one (yeah yeah yeah)
That'll hold my words even though they hurt
I'll never be the one (yeah yeah yeah)
I'll never be the one (yeah yeah yeah)
But even if I'm wrong will you miss me when I'm gone?
I'll never be the one (yeah yeah yeah, yeah yeah yeah)

Remember all the times I went and fucked it up?
Telling you I'm sorry but it's not enough
All these nasty habits running through my lungs
Never thought I'd be the one that I'd become

No, I'm not perfect (oh oh oh)
Why you try to make me something that I'm not?
And you're not perfect (oh oh oh)
Let me make my own mistakes it's what I want

Cause I'll never be the one (yeah yeah yeah)
That'll get it right, every single time
I'll never be the one (yeah yeah yeah)
That'll hold my words even though they hurt
I'll never be the one (yeah yeah yeah)
I'll never be the one (yeah yeah yeah)
But even if I'm wrong will you miss me when I'm gone?
I'll never be the one (yeah yeah yeah, yeah yeah yeah)
