```
**we danced on the ceiling
We danced on the wall
It gave me the feeling
That I wasn't there at all
We danced on the moonlight
We danced on the stars
Too early the daylight
Came liftin' the mask

*oh I don't wanna let it end
I don't wanna say goodbye
I don't wanna let the only thing
We ever had expire
Won't you take me through the night
```

Won't you take me back to paradise again

\*\*\*you took me to heaven (oh) you took me from hell We danced on the ceiling Together we fell

To that far and distant light

\*repeat
Won't you take me back to paradise again

\*\*repeat
\*\*repeat

'cause we danced on the ceiling And we danced on the wall It gave me the reeling

\*\* \* 'i don't wanna let it end I don't wanna say goodbye I don't wanna let the only thing
We ever had expire
We danced on the ceiling
We danced on the wall

\*\*\*\*repeat and fade
