

# If You Stayed Over

**Bonobo**

If You Stayed Over

by Bonobo

(Feat. Fink)

And if it's on,  
It's on for good, yeah...  
'Cause when it's gone,  
It's gone for good...

Let me tell you...

And if you stayed over,  
You know we would,  
If we could  
Put it back together,  
We could be... fine...

If I breathe in the future,  
Breathe out the past, yeah...  
Savour this moment  
As long as it lasts...

Let me tell you...  
Put it back...

If you stayed over  
I'd make it so sweet,  
I'll make you remember, baby,  
From your head to your feet...

And if you go now, then  
You'll never know  
How it could...  
Make it good...  
Make it good....
