

Bein' Bad

Boomkat

Put the needle on the record
And let's commence
Because I need to blow off steam
With all my friends (Let's go out tonight)

Because the weekend's here
And that's good reason for
Bein' Bad, yeah
Tonight we're drinking mad, yeah
And I got five
On the yellow, the yellow, yeah

Someone's knocking at my door
Could ya please go let 'em in
Oh well I got 20 bucks if ya brought my medicine
And now we're rolling at the club
Where her love is being smothered
Yo there's a cutie over there
(Taryn! That's your brother!)
Oh, that's my brother

Oh, because the weekend's here
And that's good reason for
Bein' Bad, yeah
Tonight we're drinking mad, yeah
And I got five
On the yellow, the yellow, yeah

Bein' bad (bein' bad)
Bein' bad (bein' bad)

Well if we're all going out
You know we're going all out
(Bein' Bad)
Yeah, that's what I'm talking about
Getting open, throwing back shots til closing
And when clothes come off
I got the Trojan
(That's hot)
Sex, drugs, rock and rollin'
Crawling and creeping
Thank God, I get to sleep in

Oh, because the weekend's here
And that's good reason for
Bein' Bad, oh
Tonight we're drinking mad, yeah
And I got five
On the yellow, the yellow, yeah

Oh, because the weekend's here
And that's good reason for
Bein' Bad, yeah
Tonight we're drinking mad, yeah
And I got five
On the yellow, the yellow, yeah
On the yellow, the yellow, yeah

On the yellow, the yellow, yeah
