

My Night

Boondox

We're drunker than a skunk, of off eight dollar bourbon
Crunker than a penacost of sunday morning sermon
Higher than a cost but not going ass booting
And were White boy wasted
Drink alot a liquor, smoke a litte good
If you gotta little then you can through alot of wood
Cause the bitches round here stay wetter than autopocket
Legs in the air shoot faster than a bottle rocket
Shamy Jacked up like 80s to cold
We don't give a fuck that's how we rollin'
Middle finger in the air
Cup full of jambe
Nick dolla good that's a high school prom queen
We ate a couple shrooms not talking about portabela
Chased 'em with some [?] and a quarter Mella Yella
Gettin' fucked up, gettin' fucked like there's no tomorra
Can you think of a better way to drown in the sorrow?

Take it to the dome ([?] my cup and then I)
Take it to the dome (Whip out my junk and then she)
Take it to the dome ('Cause it's my night, I'm tryin' to)
Drink some! Yeah! Smoke some! Yeah! Bust a fat nut! Alright!

Look bitch, I'ma kill this fifth
All the while I'm burnin' through this spliff
And when I'm finished, I'd like a gift
You, jackin' me off, stick shift
It's my night and I'm big balls hog
Gone off Jäg bombs and [?]
I mix my liquor, bump my kicker
Sexin' in the bushes, fuck the pickers
Gone for a second then I hit the roof
Butthole naked, my dicks' the proof
Tryin' to do a flip, but I chip my tooth
Drunk-ass J, the boy's just a goof
Hand full of Vics and I'm back in action
Try to ride the [?] but I lost my traction
Wound up laid up in the bed
With sweet Sally, man, she givin' me head, 'cause she

Take it to the dome ([?] my cup and then I)
Take it to the dome (Whip out my junk and then she)
Take it to the dome ('Cause it's my night, I'm tryin' to)
Drink some! Yeah! Smoke some! Yeah! Bust a fat nut! Alright!

Mike P on the guitar!

Hold the fuck up 'cause bitch I'm drunk
Slapped your boyfriend 'cause he's a punk
Your ass so big that it goes ker-plunk
I think I want me a chunk, ho
I'm Shaggy 2 Dope, you know my name
Me and the king pimp are one in the same
If I take you upstairs, you know what's up
Gobble my dick right up off my nuts
I break many hearts and break many laws
At your party, I headbutt holes in your walls

I want that pussy that goes in your drawers
Let's 69, your nose in my balls
Bitch, let's fuck in yo mama's bed
Neden hairs lookin' like Obama's head
It's a celebration, Osama's dead
Those pretty pink pussy lips I'ma spread

Take it to the dome ([?] my cup and then I)
Take it to the dome (Whip out my junk and then she)
Take it to the dome ('Cause it's my night, I'm tryin' to)
Drink some! Yeah! Smoke some! Yeah! Bust a fat nut! Alright!
Take it to the dome ([?] my cup and then I)
Take it to the dome (Whip out my junk and then she)
Take it to the dome ('Cause it's my night, I'm tryin' to)
Drink some! Yeah! Smoke some! Yeah! Bust a fat nut! Alright!
