

My Girl

Booze & Glory

You gave me all that I didn't have
You give me hope when I lose my faith
You kick my arse when I feel drained
And you're next to me through the good times and the bad

You're my girl and my best friend
I'll be with you until the end
And now all I can say, that I love you

You keep forgiving me all my mistakes
You always wait for me when I'm away
And I'm your skinhead and it's not a crime
That even tough guys need someone sometimes

When I'm in trouble you're always here
And when I'm down you will wipe my tear
You are a part of me and this is true
And to be honest I only live for you
