

## Come Over

Borgore

I see you cheeking on my stories  
I know you tipsy and you horny  
Your man is walking on my homie  
Skrr skrr that motor, you should come over  
I see you cheeking on my stories  
I know you tipsy and you lonely  
Come to fast or we go slowly  
Skrr skrr that motor, you should come over

Send you my lo-location just keep it on the low low  
Action like a lady show me you can be a whole hoe  
Don't have to call me solder, we can get it popping  
Tonight

You should come over, skrr skrr that motor  
I know you were prouder while you played your fucking joker  
Roll in my dm's, pictures I know you see them  
I want that lala so bad

I see you cheeking on my stories  
I know you tipsy and you horny  
Your man is walking on my homie  
Skrr skrr that motor, you should come over  
I see you cheeking on my stories  
I know you tipsy and you lonely  
Come to fast or we go slowly  
Skrr skrr that motor, you should come over

I prepare for take off, but she's about to take it off  
She's about to get down, I'm about to give it up  
Like she down to earth, and she taste on point, like a good dessert

I send the text late, forget your ex (late)  
Just come and sex (hey)  
Just come and sex (hey)

Would in my dreams, pictures I know you see them  
Say you will fuck boys, but  
I see you cheeking on my stories  
I know you tipsy and you horny  
Your man is walking on my homie  
Skrr skrr that motor, you should come over  
I see you cheeking on my stories  
I know you tipsy and you lonely  
Come to fast or we go slowly  
Skrr skrr that motor, you should come over
