

# Reclaiming the Crown

**Born from Pain**

Breathing to come alive  
Ressurrection under the knife

Feel the wind  
Feel the rain  
It comes down hard  
But I'll fight again

Seeking for a way out  
Smothered, gasping for air  
Slashing, fighting demons  
True strength will get me there

Pick me back up  
Down on the ground  
Reclaim my crown  
As this dark age is crumbling down
