## **Under False Flag**

## **Born from Pain**

The ruthless, the shameless, the faceless. Devouring, usurping for ages. Saving us from threat, slavery ahead, freedom slips away. Calculate, decimate, shaping fate.

Shutting my eyes. I realize. We are kept from the truth.

The ruthless, the shameless, the faceless. Legislate, obliterate, shaping fate.

Shutting my eyes. I realize. We are kept from the truth.

Question always, look for truth. Propaganda shaping you. Control your thought, control your mind. Rewrite the past, fail to fight.

Shutting my eyes. I realize. We are kept from the truth.
