

Veiled in lies. Told to honest eyes.  
Bedtime stories for the world.  
So immense the reach. So complete the siege.  
Feeding lies to such extremes.  
We won't believe. Truth's like a dream.  
Seeping through only at the seams.  
Never get a glimpse of what it could be.  
Choked in a world that's changed.

Seeking for the truth.  
In desperate times.  
Looking beyond the tales that suit their side.
