

# Never Never Never

Bosson

Sometimes, crossin' on the red light  
Sometimes, speeding at a dark night  
Sometimes I wanna take a ride back to  
What we had in the past was it meant to last  
I know I'm going in the fast lane  
I know that I could be the one to blame  
I know, this time I'm gonna let you go

[Chorus]

You still can deny,  
You can scream or cry,  
But say me your lie you can never never never  
You can say I'm wrong,  
You can push me strong  
But keep what is gone  
You can never never never

This time I'm not gonna be a little boy  
This time she's gotta find another toy  
This time I've had enough of one lies and promises  
That you cannot keep  
One word, I read you like another book  
One word, I'm gonna get you off the hook  
One word, and I'd like it to be 'Love'  
But this time...say 'Goodbye'

[Chorus]

You still can deny,  
You can scream or cry,  
But say me your lie you can never never never  
You can say I'm wrong,  
You can push me strong  
But keep what is gone  
You can never never never

Gotta let you go..  
This time I'm gonna let you go

You still can deny,  
You can scream or cry,  
But say me your lie you can never never never  
You can say I'm wrong,  
You can push me strong  
But keep what is gone  
You can never never never  
You still can deny,  
You can scream or cry,  
But say me your lie you can never never never  
You can say I'm wrong,  
You can push me strong  
But keep what is gone  
You can never never never

You can never never never  
You can never never never  
You can never never never...
