

The Saviour

Bosson

My heart belongs to you
You are my saviour

It's my life
I wanna give it up for love
It's my life
I'd like to give it up for love

You making me feel that I am the one
You making me feel that I am the one

You're my save, my save, my saviour and I belong to you
My heart belongs to you
You're my save, my save, my saviour and I belong to you
My heart belongs to you, my heart belongs to you

To you
My heart belongs to you
To you

It's my life
I wanna give it up for love
It's my life
I'd like to give it up for love

You making me feel that I am the one
You making me feel that I am the one

You're my save, my save, my saviour and I belong to you
My heart belongs to you
You're my save, my save, my saviour and I belong to you
My heart belongs to you, my heart belongs to you

To you
My heart belongs to you
To you

You are my saviour
You are my saviour
