

# Welcome to the Neighbourhood

Boston Manor

Life under the boardwalk  
People down here talk  
I know who you're running from  
I'm sorry but you're never gonna get far  
There's only so much that I can say,  
So many times that I can wait,  
Drown on the end of a big wave,  
It all gets washed up here

Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
If you could leave you would

Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
If you could leave you would

This is what it's all about  
You better watch your mouth  
You can't beat this feeling  
Cause you never heard anything  
People from here never leave,  
I've seen it happen next to me,  
nothing in life comes for free

Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
If you could leave you would

Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
Welcome To The Neighbourhood  
If you could leave you would

If you could leave you would
