Never let your problems get you down  
Gotta stay focus and hold your ground  
Though it seems hopeless  
There's no progress  
Wi still a hustle round town  
Wi do what we do suh wi stay alive  
Wi sell what we sell cause wi waa survive  
Wi tired a di fuckery  
An wi fed up from bout 95"

But holiday a come an wi nuh si di first dime  
Tell dem seh anytime  
Di government policies undermine  
Di poor people's plight dat a sure sign  
Corruption and war a go reach its prime
