## Boy Hits Car

Love is fire, sin, and erifsievol

And this love  
It burns in me  
A feeling that moves without words  
A mystery transcending fear  
And your pain  
I feel it in me  
For something I have felt myself  
Cause love is fire burning in me!

Does it burn in you?  
And tell me will it burn forever?

And this hate  
It tries to dry me  
It eats away all that I am  
It leaves me hollow, so empty  
But love fights  
It pulls  
It takes control  
It lifts me up then let's me go  
It's everything, all that I've known  
But it's ripped apart my soul

And this love  
It burns in me  
Does it burn in you?  
And tell me will it burn forever?  
This love  
Is all I need  
It sets me free  
So will you burn for me?  
Will you burn for me?

Love is fire, sin, and erifsievol  
Love is fire, sin, and erifsievol  
Love is fire, sin, and erifsievol  
Will you burn for me?  
Will you burn for me?  
Love is fire, sin, and erifsievol  
Will you burn for me?  
Cause I will  
Burn!  
Yeah!

You know that I will love  
Burns in me  
Does it burn in you?  
And tell me will it burn forever?  
This love  
Is all I need  
It sets me free  
So will you burn for me?  
Will you burn for me?

Will you burn for me?

Cause I...  
Will burn for you
