

Silhouettes Fade

Boy Hits Car

So don't let go

So don't let go
So don't let go

Don't let go tonight, still standing by your side
This love is ours to take, I won't wake up from mine
It's alright, for it's just a matter of time
Like silhouettes in a flame, the fight is still alive

Tell me what's inside of you, is that something based upon the truth?
Like a weary conviction, so we'll let it count the sun

(So don't let go)
Feeling your feet away
(So don't let go)
Life's in the natural things
(So don't let go)
Let's burn just one more time
(So don't let go)
The life still burns inside

Offer me yeah something to believe
Will this fight ever end? Cause you know love still bleeds
As we define these moments in time
Yeah, they are after your nights, they somehow survived

Silhouettes, they come to me, all these silhouettes they faint beneath
The downtown skyline where I destroy your hate with my mind

(So don't let go)
Feeling your feet away
(So don't let go)
Life's in the natural things
(So don't let go)
Let's burn just one more time
(So don't let go)
Let's fucking burn tonight

Let's burn tonight
Let's burn tonight

Tell me what's inside of you, is that something based upon the truth?
Like a weary conviction, so we'll let it count the sun

Silhouettes, they come to me, all these silhouettes they faint beneath
The downtown skyline where I destroy your hate with my mind

(So don't let go)
Feeling your feet away
(So don't let go)
Life's in the natural things
(So don't let go)
Let's burn just one more time
(So don't let go)
Let's fucking burn tonight
Tonight

So don't let go
So don't let go

Tell me what's inside of you, is that something based upon the truth?
Like a weary conviction, so we'll let it count the sun
