

Up Against the Wall

Boys Like Girls

It's over
Look out below
And I'm wasted
I still taste it
Yeah it's so hard to let go
So breathe in now
And breathe it out
The forecast
A car crash
It's looking like another...

Breakdown, rebound
This could be my last goodbye
You crossed your heart, I hope to die

And I can't deny your eyes
You know I tried to read between the lines
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all

No rewinds
No second times
And I won't break
I won't waste
Everything you left behind
So don't follow
Just let it go
The weather's, been better
Don't let it be another...

Breakdown, rebound
This could be my last goodbye
You crossed your heart, I hope to die

And I can't deny your eyes
You know I tried to read between the lines
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all

All the nights I spent sitting at home while you were out there on your own
All the nights I waited by the phone while you were going it alone
And all your different faces and all your different ways of making everything a mess
And all I'm saying is that all your different places and all the complications lead to this

And I can't deny your eyes
You know I tried to read between the lines
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved
And I can't deny your eyes

You know I tried to read between the lines
I saw a warning sign
And then you threw me up against the wall
Who said that it's better to have loved and lost?
I wish that I had never loved at all
(Never loved at all)
