

# All Night Long

Boyz II Men

You say the things you feel are right  
But I feel those things are wrong  
And for that we fight all night long  
If you knew all the things I knew  
Walked a mile inside my shoes  
It could make our love flow all night long

There you go trippin' on the things I say  
Cause things aren't going your way  
Friends say I should leave but love forces me to stay  
I try, try to give you all of my time  
Still I feel denied  
And when we fuss and fight I keep askin' myself why

Every single day I pray that we can make things right  
Cause when it seems we're going somewhere  
Problems seem to arise  
What must we do to make each other see  
This relationship should be  
All about me for you  
And you for me

What's the deal? Do you ever feel the things I feel  
I try to keep our lovin' for real  
Even when it seems we don't see eye to eye  
You know I never wanna see you go  
Cause you're the best I've ever known  
So tell me just how long it's gonna take to be

Happy every day and every night just like we should  
Cause to be happy with you all me life I know I could  
What must I do, do to make you trust in me  
Is that a possibility  
Don't you know that it hurts me when we disagree

Baby today, we'll put the past behind  
Let's not waste no time  
We can do it oooh all night  
I like it when you do the things you do to me  
All night
