

Losing Sleep

Boyz II Men

I need a light song
Turn the sound of performativity
Trust my words cause I'm never gonna get the best of me
Cause you just got it
You made my bed but I don't have to sleep in it

Tossin' and burning my bed
Tryin' to get you out of my mind
If I can make it through the night
I'm hopin' and prayin' I can get over you

Girl you got me losing sleep
I'll never gonna dream again
If I can have you next to me
I'll never have to pretend

Girl you got me losing sleep
I'll never close my eyes again
Cause when I do, you're all I see
And you only break my heart
I won't let you break my heart again
I won't let you break my heart again

Staring at the ceiling
I tell myself that the world is not about to wait
Sorry, sorry, I was gonna fight it
And never ever ever see your face again

Tearing every memory apart
Tryin' to get you out of my heart
If I can make it through the night
I'm hopin' and prayin' I can get over you

Girl you got me losing sleep
I'll never gonna dream again
If I can have you next to me
I'll never have to pretend

Girl you got me losing sleep
I'll never close my eyes again
Cause when I do, you're all I see
And you only break my heart
I won't let you break my heart again
You only break my heart again

I'm so tired, I'm so tired
I got to stay up, I got to fight it
Sleep is trying to get me

Girl you got me losing sleep
I'll never gonna dream again
If I can have you next to me
I'll never have to pretend

Girl you got me losing sleep
I'll never gonna dream again
If I can have you next to me

I'll never have to pretend

Girl you got me losing sleep

I'll never close my eyes again

Cause when I do, you're all I see

And you only break my heart

I won't let you break my heart again
