

perfect love song

Boyz II Men

I've been thinking of you
And I've been trying to figure out
What you remind me of
Cause you are...nothing like I've ever known
Are you an angel
Sent to me... feeling so unreal
Must be heavenly, It's a mystery
And it hit me, that you remind me of the perfect words

The perfect words written by your favorite singer
The type of song that you turn into an ring tone
I get this feeling every time I think of you
And I know, you're the perfect love song

Ronald Isley, Babyface, Jodeci and Marvin Gaye
Made melodies that can't be replaced
But you...you're the perfect love song

Joe, are Kelly, Mary J, Faith, Mariah and Sade
Made the Whole world sing many times, many ways
But you are
You're the perfect love song

You're voice is soothing to me
Like the strings of a guitar
It takes me right back to the beginning
And I fall in love all over
You never, never ask for nothing
That's why I wanna give you everything
That's why I sing, the joy you bring
It's worth more than the perfect love words

The perfect words written by your favorite singer
The type of song that you turn into an ring tone
I get this feeling every time I think of you
And I know, you're the perfect love song

CHORUS-2

Joe, are Kelly, Mary J, Faith, Mariah and Sade
Made the Whole world sing many times, many ways
But you are
You're the perfect love song

Every time I'm with you
I get inspired to be a better man
Your love is timeless, it lasts forever
Like the perfect love song

Ronald Isley, Babyface, Jodeci and Marvin Gaye
Made melodies that can't be replaced
But you...you're the perfect love song

Usher, Brandy and Beyonce
Voices sound so heavenly
Made the whole world sing
Many times, many ways
But you are the perfect love song

Ronald Isley, Babyface, Jodeci and Marvin Gaye
Made melodies that can't be replaced
But you...you're the perfect love song

Joe, are Kelly, Mary J, Faith, Mariah and Sade
Made the Whole world sing many times, many ways
But you are
You're the perfect love song
