

What The Deal

Boyz II Men

Yeah yeah ohh ooehhh
Incredible...
From your legs up to your mouth you look so edible
Don't have to speak your spirit it's just legible
And when you lick your lips I swear girl I go medical
Let the mystery unfold

What the deal mommy
Can you make a deal
Let me show you mommy
That my love is for real
Got the goods baby
Make you wanna reveal your heart (yeahey yeahey)
So let me feel mommy
'Cause I got what you need
Girl I want you (yeaheeyhh yeaheeyhh)
Really close to me
Girl I promise
We will never be apart

Naaaauhhh....
Paradise
Tonight I'll take you there
Lay back and close your eyes
I'll make this loving hurt so good
But you won't wanna cry
So let me put my love inside you
Make you tremble ever so
Gently baby don't let go
