

Fall Apart Again

Brandi Carlile

E5 **Bsus4**
Long as the day
E5 **Asus2**
Take it away
 C#5 **Bsus4** **Asus2** **Bsus4**
Hold it up and you don't let it fall
Cause devils play
Was yesterday
And I don't care about that at all

I just smile
Once in awhile
Cause I don't want the lines on my face
And I sit right here
Holding the years
And I count all of the stars in space

E5 **C#5**
You fall apart again
 Bsus4 **Asus2**
And you can't find a friend
 E5 **C#5**
Don't turn to someone else
 Bsus4 **Asus2**
Cause they won't understand

E5 **Bsus4**
Self respect
E5 **Asus2**
Goes unexpressed
 C#5 **Bsus4** **Asus2** **Bsus4**
I don't dream cause I cannot sleep

And I think
The world of myself
But the world doesn't think much of me
As long as the day
Is full of time
There will always be room
For your hand in mine

E5 **C#5**
You fall apart again
Bsus4 **Asus2**
And you can't find a friend
E5 **C#5**
Don't turn to someone else
Bsus4 **Asus2**
Cause they won't understand
 E5 **C#5**
Don't wanna hear you say
Bsus4 **Asus2**
That tune is yesterday
E5 **C#5**
If you don't like what you see
Bsus4 **Asus2**
That means nothing to me

No one's home
I'm alone
With my music and my TV
And I'll still say
Yesterday
Is best when left to sleep
