

## All My Life, Pt. 2

Brandy

All my life  
I see a man that you'll never know  
I'm just a hand you never want  
Believe me if I see him around  
Because you ain't gon' scare away my rain cloud  
Now all I see is rainbows, rainbows  
Time with you is a get away  
I can live in my lane, yeah  
All my life  
Forever and ever  
All my life
