

## Apart

Brandy

I never do anything that pleases you  
So maybe we are better off apart  
I don't wanna argue anymore  
So maybe we are better off apart

You used to spend time with me  
You would never leave  
But now the time you used to give  
You spend with your friends  
Lately I've been feeling you're taking me for granted  
You do not appreciate anything I do

That is why I'm leaving you  
Sorry cannot fix it  
You'll regret everything  
You'll be looking for me  
You never listen to me  
You never really loved me  
I've done everything I could  
You did not meet me half way, why

I never do anything that pleases you  
So maybe we are better off apart  
I don't wanna argue anymore  
So maybe we are better off apart

You always have something to say  
You're always complaining  
When things do not go your way  
Then you want to leave  
Well I have had more than enough  
I am sick of talkin'  
You do not appreciate  
Anything I do, no

I never do anything that pleases you  
So maybe we are better off apart  
I don't wanna argue anymore  
So maybe we are better off apart

Well I tried and I tried  
While you lied, I cried  
So I'm saying goodbye  
No more, no more

I never do anything that pleases you  
So maybe we are better off apart  
I don't wanna argue anymore  
So maybe we are better off apart
