

# Love Again

Brandy

I wake from my slumber  
I wish I could call you up  
Miss how you put your love on me

Boy you got my number  
I wish I could feel your touch  
Wish you could follow up on me

You never know when to chill  
Always talk 'bout keep it real  
Only 'til you've had your fill  
Then you want to cry I'll will  
Really thought you knew the deal, oh  
Oh well I guess that's what happens  
When two fools be fallin' in love  
Mix in some pain and some passion  
Nothing is ever enough

If you can take my hand  
I promise we'll find love again  
Love again  
If you can take my hand  
I promise we'll find love again

You don't even say what's up  
Around your boys you act so tough  
Like you've never been in love  
If you don't quit actin' up  
Alone is where you gon' end up, I promise  
You may think that I'm crazy  
You should ask around 'bout me  
Put yo trust in me baby

I wake from my slumber  
I wish I could call you up  
Miss how you put your love on me

Boy you got my number  
I wish I could feel your touch  
Wish you could follow up on me

Hold on until the end  
Hold on till you can't extend  
I be clinging on to you  
I be clinging on to you

And then begin again  
Orbiting around and then  
Cycle back around to you  
Coming back around to you  
I'm coming back around

And even on your worst day  
Love you in the worst way  
Circling around for eternity  
Goin' through the motions  
You're turning me, eternally

Drifting on my own again  
Reaching out to hold your hand  
I wanna be alone with you

Can I be alone with you?  
Can I be alone with you?

If you can, take my hand  
I promise we'll find love again  
Love again  
If you can, take my hand  
I promise we'll find love again
