

Tomorrow

Brandy

Confused?
Not anymore
I mean at one point I thought I was wrong
But you see he lied

He cheated, he betrayed me
Then he left
But I won't hurt anymore
'Cause now all my pain is gone, so long

So long to all my pain
Goodnight to my heartache
Goodbye sorrow, I won't cry no more
I'm leaving, I'm leaving

If you would only treat me right
I'd stay here by your side
But I am down to my last cry
So I'm leaving you, goodbye

You turned away from opportunities
To sit and talk things through
But now when I say I'm leaving you
You have so much to prove

So long to all my pain
Goodnight to my heartache
Goodbye sorrow, I won't cry no more
I'm leaving tomorrow

Stop writing me sweet letters and
Calling me on the phone
We argued constantly when I saw you
Always left me in the cold

I made the choice to finally go
'Cause I can't stand this pain
It's time for my last tear to fall
And me to smile again

So long to all my pain
Good night to my heartache
Goodbye sorrow, I won't cry no more
I'm leaving tomorrow

Sorrows and heartache
Goodbye, I'm leaving you
Don't wanna meet again
Has got to be the end, the end

The sun will finally shine on me
And clouds will drift away
There's something that's in store for me
That's my brighter day

So long to all my pain
Good night to my heartache

Goodbye sorrow, I won't cry no more
I'm leaving tomorrow

So long to all my pain
Good night to my heartache
Now I just can't wait, tomorrow's too late
I'm leaving you today
