# Torn Down

**Brandy**

Built this love in 24 hours
Made it brick by brick by brick
Reached my limit, screaming gimme more power
I cannot quit, won't quit

Don't tell me I can't build Rome in a day
Just 'cause they couldn't do it
If I took a whole lifetime try'na find a way
I'd be feeling useless

I'm gonna love you, right now
And it's so strong, don't know how
Can't be torn down
So strong, don't know how
Can't be torn down
So strong, don't know how
Can't be torn down

They don't know how our love is still standing
They won't get it, naw, they won't, they won't
Shake the foundation just to try to do damage
They can try, babe all they want, whoa

Don't tell me I can't build Rome in a day
Just 'cause they couldn't do it
If I took a whole lifetime try'na find a way
I'd be feeling useless

I'm gonna love you, right now
And it's so strong, don't know how
Can't be torn down
So strong, don't know how
Can't be torn down
So strong, don't know how
Can't be torn down

We're high up baby
Love sky scraping
I might be crazy
But I think when we're gone
Our love gonna still stay strong
Because of the way we made it

'Cause of the way we made it
'Cause of the way we made it
'Cause of the way we made it
Whoa, we made love

Don't tell me I can't build Rome in a day
Just 'cause they couldn't do it
If I took a whole lifetime try'na find a way
I'd be feeling useless

I'm gonna love you, right now
And it's so strong, don't know how
Can't be torn down
So strong, don't know how

Can't be torn down
So strong, don't know how
Can't be torn down

I'm gonna love you right now
And it's so strong, don't know how
Can't be torn down
