

## Leo

## Brazzaville

He loves his old guitar  
Daydreamin' by the bay  
But Leo called last night  
He's drunk again

His girlfriend was 22  
He lost her in a plane  
But Leo called from France  
He's drunk again

And he says,  
Man, I know it's a sad way to go  
But I can't live without her  
Late at night  
I just stare up at the sky  
Man, I'm such a disaster

He says  
I'd trade my old guitar  
My millions in the bank  
To see her one last time  
I'd do anything

And he says....
