

Up All Night

Brazzaville

I was up all night
Wonderin' if I'll ever amount to anything
In this life
'Cause now I'm not so young
Nothing feels right

And I was up all night
Thinkin' 'bout the way you spoke to me
In our last fight
The love in your voice was gone
Nothin' feels right

I've smoked a thousand cigarettes
Left tiny ashes in the bed

And I was up all night
Dreamin' up a world where everything
Turns out right
Where I'd never break your heart
Nor you mine
