

All It Takes

Breakbot

Something is moving, inside
Feels like you're alive again
Lay your worries aside
Let a brand new day begin

You can feel it in your flesh
You can feel it in your bones, it just won't let you go
I can feel it in my chest
And it won't leave me alone, so I just want to let you know
I want to let you know

Your love is all it takes to kneel
Your love is all it takes to surrender
Your love is, all it takes to free this heart of mine
All it takes to free this heart of mine

Your love is all it takes to heal
Your love is all it takes to remember
Your love is all it takes to free this heart of mine
To free this heart of mine

Someone is breathing, inside
Will you ever find the key
Gave me a reason, to hide
Deep inside your memory

You can feel it on your hips
You can feel it on your thighs, I just won't let you go
I can feel it on your lips
I can see it in your eyes, so I just got to let you know
I have to let you know

Your love is all it takes to kneel
Your love is all it takes to surrender
Your love is, all it takes to free this heart of mine
All it takes to free this heart of mine

Your love is all it takes to heal
Your love is all it takes to remember
Your love is, all it takes to free this heart of mine
All it takes to free this heart of mine

Your love is all it takes to kneel
Your love is all it takes to surrender
Your love is, all it takes to free this heart of mine
To free this heart of mine

To free this heart of mine
This heart of mine
This heart of mine

To free this heart of mine
This heart of mine
This heart of mine

To free this heart of mine
This heart of mine

This heart of mine
This heart of mine
