

Worthless

Breakdown of Sanity

You're just like me. Just another face in hell.
My crap, we'll figure out a way to help you out.
You get what you deserve for your epic farts.
A myspace for you underneath the ground.
(You're just another justice face)
This is your worldly demise Oh Tara your moms so hot
You're guns and knives, so tell if you are.
Go!
Go Away
You're just a face, a face in the mirror.
A towel around your virgin neck, you better watch your back.
Just fire up and feel my hate. I'm nothing to regret. Nothing to
regret.
Full of ignorance. of this terrifying world (X3)
Full of ignorance. Dads a senseless lie
Full of ignorance. Of this terrifying world
You fucking bastard. Dads a senseless life.
I'll wait, in misery. This sun fill my eyes. Mountain dew, can't
give this shit up.
I can't ignore the things you say. The things you do the things
you did.
Wake up!
Open your rice!
Wake up!
This is your life
You're so fake, you have nothing to regret
