

Falling Down

Breaking Point

Don't you lie to me, cause I'm not blind I see the
Lessons that you teach create the hate in me
I'm not scared to say that I won't be that way
We're all the same, but there's always a price to pay
I don't want to be the one to push you down and pull you up aga
in
I don't want to be that way
You're falling down, you're falling down again
It's when you speak to me
'Cause hates not born, you see
It's pride you scream with bigot eyes too blind to see
Your frame of mind's outdated
Narrow opinions faded
Would you like to meet this monster that you've created
Don't you lie to me, cause I'm not blind I see
The lessons you teach create the hate in me
I'm not scared to say that I won't be that way
We're all the same
But there's always a price you pay
