

# Warrior

Brendan James

When the earth shakes  
And the balance breaks  
When my head's on fire  
When I'm tired  
And when I'm tested  
When she carries me  
When it's all on her

She's my warrior  
Walking through hardships  
Marching for progress  
Every night and day  
She's my warrior  
Taking that high road  
With those that she loves most  
To a better place  
She's my warrior

(Warrior, warrior, warrior, warrior)  
Oh, warrior  
(Warrior, warrior, warrior, warrior)

When the doubt knocks  
And the shadow talk  
When the split's uneven  
When I'm lonely  
And when I'm restless  
When it's lost on me  
When it falls on her

She's my warrior  
Walking through hardships  
Marching for progress  
Every night and day  
She's my warrior  
Taking that high road  
With those that she loves most  
To a better place  
She's my warrior

(Warrior, warrior, warrior, warrior)  
Oh, warrior  
(Warrior, warrior, warrior, warrior)  
She's my warrior  
(Warrior, warrior, warrior, warrior)  
Oh, warrior  
(Warrior, warrior, warrior, warrior)

And I know I was put here to love her  
And I never wanna let her down  
Gonna cherish the time that she's with me  
Here and now

(Warrior, warrior, warrior, warrior)  
Warrior, warrior, warrior, warrior)  
Oh, warrior  
(Warrior, warrior, warrior, warrior)

Warrior, warrior, warrior, warrior)

She's my warrior  
Walking through hardships  
Marching for progress  
Every night and day  
She's my warrior  
Blocking off voices  
Making the choices  
That she wants to make  
She's my warrior  
Taking that high road  
With those that she loves most  
To a better place  
She's my warrior

(Warrior, warrior, warrior, warrior)  
My warrior  
(Warrior, warrior, warrior, warrior)
