

The One You Need

Brett Eldredge

When it's cold outside
And you can't sleep
When there's no one else
Let me be the one you need
When your hope goes out
Like a ship at sea
If it don't come back
Oh, let me be the one you need

Rest your head here, pull me closer
I'll hold you tight while you let go, girl
I could love you if you just let me
Be the one you, be the one you need

When you fly too high
When you sink too deep
When you're lost out there
Oh, let me be the one you need
When those falling stars
Don't line up your dreams
Before it breaks your heart
Oh, let me be the one you need

Rest your head here, pull me closer
I'll hold you tight while you let go, girl
I could love you if you just let me
Be the one you, be the one you need

Oh, eh

I've spent most my life
Thinkin' love was out of reach
So maybe just this once
You could be the one I need
If you let me be the one you need
