

Reason to Stay

Brett Young

Yeah

The sunlight sneaking through the window
Sliding down your pillow
Shining like a halo, baby
I like waking up before you
Just so I can watch you
Sleeping like an angel, baby

5 minute sweet spot before the alarm clock
Goes off and ruins everything

I got two hands and all they wanna do is hold ya
I got two eyes and they're dying to watch you waking up
I got a kiss that'll get you thinking it's Saturday
I'll give you a reason, I'll give you a reason to stay

Coffee, you ain't gonna need it
It only gets you leavin'
Sooner than I want you to
Let's just stay under the covers
Tangle with each other
Straight on through the afternoon

You always say that I can't make you late
But I bet I can make that a lie

I got two hands and all they wanna do is hold ya
I got two eyes and they're dying to watch you waking up
I got a kiss that'll get you thinking it's Saturday
I'll give you a reason, I'll give you a reason to stay

I really like the way your head fits on my shoulder
I hate the way the morning's always trying to mess this up
I know you've got one thousand things to do today
But, I'll give you a reason, I'll give you a reason to stay
A reason to stay

Woah

You always say that I can't make you late
But I bet I can make that a lie

I got two hands and all they wanna do is hold ya
I got two eyes and they're dying to watch you waking up
I got a kiss that'll get you thinking it's Saturday
I'll give you a reason, I'll give you a reason to stay

I really like the way your head fits on my shoulder
I hate the way the morning's always trying to mess this up
I know you've got one thousand things to do today
But, I'll give you a reason, I'll give you a reason to stay

Woah

A reason to stay
Oh, oh, to stay
A reason to stay
