

Back Seat (Gettin' Down)

Brian McKnight

Its only 3 your plane lands at 8
Girl its been so long
I can hardy wait
Girl is u i cravin'
Can't wait to see you baby
I can't work no more
Can't concentrate
When your lips me mine
I won't hesitate
Girl is you I want
I been missing you baby

- So about the time i have u close to me
Nomore livin in a fantasy
I'll be right where I suppose to be
Baby we just might be

- On the back-seat gettin...down
On the back-seat gettin...down
On the back-seat gettin...down
On the back-seat gettin...down

Nothing much to do
For the next 3 days
Got the Friday night
Mondays are holiday
Got my mind on need
I ve been ... for u baby

Lets drive up the coast
Lets live L.A.
Find us a ... spot
I can have all the view
To myself now baby

Missing u
Wanting u
Needing u
Touching u
Squeezing u
Dreaming u
Teasing u
Pleasing u
Breathing u
Eating u
Sleeping u
Thirsting u
Cant wait baby

If u believe in love
Lets get down
Lets get down....
