

Cross of Love

Brian Setzer

Where does it say
All the love that we made must disappear
And who made the rule
That the one who is cruel won't cry the tears

Well, we woke up unsatisfied
Got out of bed and said goodbye

But don't leave me here dying on the cross of love
Don't leave me here dying on the cross of love
I got down on my knees and prayed to the Lord above

Don't leave me now, don't you realize
You can't make out of love a sacrifice
Don't leave me here dying on the cross of love

Who pays the cost
If the love that is lost goes unredeemed
And why should I care
If this cross that I bare is destiny

My heart was pure, my love was strong
Forgive me if I've done you wrong

But don't leave me here dying on the cross of love
Don't leave me here dying on the cross of love
I got down on my knees and prayed to the Lord above

Don't leave me now, don't you realize
You can't make out of love a sacrifice
Don't leave me here dying on the cross of love

Where does it say
All the love that we made, must disappear
Who made the rule
That the one who is cruel won't cry the tears

Well, for now I know how cruel [Incomprehensible]
Have mercy baby on my heart

Don't leave me here dying on the cross of love
Don't leave me here dying on the cross of love
I got down on my knees and prayed to the Lord above

Don't leave me now, don't you realize
You can't make out of love a sacrifice
Don't leave me here dying on the cross of love
Don't leave me here dying on the cross of love
But don't you leave me here dying on the cross of love
