

Dreamsville

Brian Setzer

Choop, Choop Wahh

When the last light dies down
On this old part of town
And the sun coming up
Laughs at you
When the sidewalks roll up
You've run out of luck
And you're left alone
feeling blue

I don't got to tell you
The feeling you get
When the one that you love
Slips away
So turn down the lights
And draw all the shades
There's one place where you've
Got it made

In Dreamsville, I'm dreaming of you
In Dreamsville, My dreams can come true
Choop, Choop Wahh (4x)

I'm tossing and turning
I can't sleep away
With you always there
On my mind
It's such a distraction
I can't even think
I wish you would leave
So I find

In Dreamsville, I'm dreaming of you
In Dreamsville, My dreams can come true
Choop, Choop Wahh (4x)

I'm tossing and turning
I can't sleep away
With you always there
On my mind
It's such a distraction
I can't even think
I wish you would leave
'Till I find

In Dreamsville, I'm dreaming of you
In Dreamsville, My dreams can come true
Choop, Choop Wahh (4x)

In Dreamsville, I'm dreaming of you
In Dreamsville, My dreams can come true
Choop, Choop Wahh (4x)
