

Hot Rod Girl

Brian Setzer

Well she hops in my car
She wants to drive the stick
Sittin' on my lap baby does the trick

She's my hot rod girl (She's my hot rod girl)
Oh she's drivin' me crazy tonight
Well she's my hot rod girl
And I gotta let her drive it
Around and around and around

On a Saturday night
She loves to go to town
When she gets real hot
She pulls the top right down

She's my hot rod girl (She's my hot rod girl)
Yeah she's drivin' me crazy tonight
Well she's my hot rod girl
And I gotta let her drive it
Around and around and around

When it's time to split baby cops the keys
My kitten wants to drive, purrs 'pretty please'
Her tanks are full
She's got it where it counts
Give me the shakes and
Would ya dig that bounce

She took it for a spin
I'm out of luck
Insurance man called
Said my rates went up

She's my hot rod girl (She's my hot rod girl)
Oh she's drivin' me crazy tonight
Well she's my hot rod girl
And I gotta let her drive it
Around and around and around

When it's time to split baby takes the keys
She wants to drive 'Oh pretty please'
Her tanks are full
Got it where it counts
Give me the shakes and
Would ya dig that bounce

We hop into the Ford
She can work the stick
Sittin' on my lap baby does the trick

She's my hot rod girl (She's my hot rod girl)
Oh she's drivin' me crazy tonight
Well she's my hot rod girl
And I gotta let her drive it
Around and around and around and around
