

# Where Has Love Been?

Brian Wilson

I've been places I can barely talk about  
Sunny days that died away in tears  
Tumbling like a leaf out on the sea of doubt  
I've seen nights that seem to last for years  
I know that even if I tried  
I couldn't hide my love inside  
It's plain to see  
That I've been looking everywhere  
But somehow no one seemed to care

Where has love been  
Where has our love been  
All my life

Now and then it seems as though you get it right  
Some is never worse than none at all  
Making love can always get you through the night  
But true love's there to catch you when you fall  
I know that even if I tried  
I couldn't hide my love inside  
It's plain to see  
That I've been looking everywhere  
But somehow no one seemed to care

I'm in love and I know it was meant to be  
Close your eyes and dream with me again  
Dream again
