

# No More Nightmares

Bride

The night is alive  
It calls out your name  
Say your prayers  
To ease your pain

I try to hold on one more day  
I pray the vision will fade away  
So afraid to close my eyes  
I don't want to die

No more nightmares  
No more crimes  
No more nightmares  
No more bedtime

All the children seem alone  
Crying in the night  
Dry your eyes  
Love is alive

I try to hold on one more day  
I pray the vision will fade away  
So afraid to close my eyes  
I don't want to die

No more nightmares  
No more crimes  
No more nightmares  
No more bedtime

It seems like time is forever slipping by  
And i wonder how much time we really have  
With destruction in our way, will there be another day  
Won't you save us from ourselves

I try to hold on one more day  
I pray the vision will fade away  
So afraid to close my eyes  
I don't want to die

No more nightmares  
No more crimes  
No more nightmares  
No more bedtime

No more nightmares  
No more crimes  
No more nightmares  
No more bedtime
