

Crush

Brighten

There's a silence in your voice
It's the only thing I heard
Do I risk it all for love?
Oh, I have to make a choice
I have to have you near

This ain't no momentary feeling
This isn't one night and I'm done
If you could look at you the way I do
You'd see what I am seeing
You'd say, why, I'm so in love

When I think about us
It's more than just an ordinary crush
It's more than just a feeling when we touch
I feel your body
Feel my body wanderlust
It's so much more than just

Just a crush
Just a crush

I think you know how I feel about you
There's just no way that you don't
Yeah, I see the way you see
That I can't be myself around you
I can try, but girl, I won't

When I think about us
It's more than just an ordinary crush
It's more than just a feeling when we touch
I feel your body
Feel my body wanderlust
It's so much more than just

Just a crush
Just a crush

I just love the way my hand fits in your hand
And the feeling that I feel inside your arms
I never wanna be apart

When I think about us
It's more than just an ordinary crush
It's more than just a feeling when we touch
I feel your body
Feel my body wanderlust
It's so much more than just

When I think about us
It's more than just an ordinary crush (an ordinary crush)
It's more than just a feeling when we touch
I feel your body, wanderlust
It's so much more than just

Just a crush
Just a crush

Just a crush
Just a crush
