

Go to Bed Angry

Brighten

Let me hear your side
Tell me what I did wrong
How can I make it right?
Then I'll tell you my side
Girl, we gotta work it out
We could make a compromise

'Cause baby
I will never let you go to bed angry
We gotta be honest
Tell me how you feel
Tell me where your heart is
'Cause we made a promise
As mad as we may be
We'll never go to bed angry

I can feel your heartbeat
Syncin' up with mine
Your cold feet
It's only in your mind
Look me in the eyes and then
I'll kiss you on your forehead
Good night

'Cause baby
I will never let you go to bed angry
We gotta be honest
Tell me how you feel
Tell me where your heart is
'Cause we made a promise
As mad as we may be
We'll never go to bed angry
Never go to bed angry

Yeah, baby
I will never let you go to bed angry
I know it's crazy
We gotta be honest
Tell me how you feel
Tell me where your heart is
We made a promise

Yeah, baby
I will never let you go to bed angry
I know it's crazy
We gotta be honest
Tell me how you feel
Tell me where your heart is
'Cause we made a promise
As mad as we may be
We'll never go to bed angry
Never go to bed angry
