

# I'll Be There

Brighten

Someday you'll make a promise  
Yeah one you'll wanna keep  
There will never be a question love  
You're making it with me

No one said that it'd be easy  
When trouble comes around  
I will never let you fall dear  
And you will never let me down

Ooh, I know  
Ooh, I know  
It's gonna be a long hard ride  
It's gonna be a long hard ride  
But I'll be there

Our jobs are taking over  
The world's become so hard  
We will learn as we grow older  
We're stronger than they are

Ooh, I know  
(I know it's gonna be real hard)  
Ooh, I know  
(It's gonna be a long, hard ride)  
It's gonna be a long, hard ride  
It's gonna be a long, hard ride

Ooh, I know  
(I know it's gonna be real hard)  
Ooh, I know  
(It's gonna be a long, hard ride)  
It's gonna be a long, hard ride  
It's gonna be a long, hard ride  
But I'll be there

Just love me forever  
Just love me forever

Ooh, I know  
Ooh, I know  
It's gonna be a long, hard ride  
It's gonna be a long, hard ride  
I'll be there
